PROFESSIONAL SUMMARY

Motivated Computer Science postgraduate with hands-on experience in Web Development using HTML5, CSS3, JavaScript (ES6+), Bootstrap, and React.js. Skilled in building responsive, user-friendly web applications with a strong foundation in UI development and problem-solving. Currently improving my skills in Node.js, Express.js, RESTful APIs, and CRUD operations. Passionate about creating modern web solutions and eager to contribute technical expertise to innovative teams.

SKILLS

Front-end: HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS, React.js, Responsive Web Design

Web Concepts: DOM Manipulation, React Hooks, Component Architecture, JSON, State Management, Params, Routes

Backend: Node.js, Express.js, REST API

Database: MongoDB, JSON Server db

Programming Languages: C++, Java, Python (Basics)

Tools: Git, GitHub, VS Code, Thunderclient, Chrome Dev Tools, Postman, MS Excel, Office Tools

Soft Skills: Problem Solving, Team Collaboration, Communication, Adaptability

PROJECTS

Job Tracker — React.js, Express.js, MongoDB

- Built a MERN job tracker for logging applications and managing a resume profile.
- Responsive job application tracking platform with dashboard and status management features.
- Visualized application status and company trends using dynamic charts.

E-Commerce Website — React, Node.js, Express.js, JWT, RESTful API

- Built a full-stack MERN e-commerce app with secure user authentication using JWT.
- Implemented a dynamic product catalog/cart and end-to-end order processing.
- Multi-page responsive e-commerce site featuring product listings and interactive UI.

Real-time Chat Web App — React.js, Node.js, Express.js, MongoDB, Socket.IO, JWT

- Developed a full-stack real-time chat application using the MERN stack with secure user authentication and authorization.
- Implemented JWT-based authentication, password hashing with bcrypt, and protected routes for secure user access.
- Built real-time one-to-one messaging functionality using Socket.IO, enabling instant communication between users.

Instagram Clone — HTML, CSS, Bootstrap, React.js

- Developed a responsive Instagram-inspired social media interface using React.js.
- Implemented component-based architecture and reusable UI components.
- Created dynamic post feeds and modern responsive layouts.
- Applied React state management and routing concepts.

CERTIFICATES

- Frontend Web Development Program (15 Days) — Coursevita
- HTML, CSS, JavaScript — Great Learning Academy
- Full Stack Development (30 Days) — NoviTech R&D Pvt Ltd
- Advanced C++, Java — Spoken Tutorial Project, IIT Bombay
- Python (Intermediate Concepts) — Bhumi Foundation (CISCO)
- Data Science (Campus Program) — Sri Sankara Arts and Science College

INTERNSHIP

Business and Data Analytics — YBI Foundation

May 2025 – Jun 2025 (Remote)

- Completed a one-month internship program focused on business and data analytics fundamentals.
- Gained exposure to data interpretation, reporting, and analytical thinking.

Python — EduPyramids, SINE IIT Bombay

Sep 2025 – Nov 2025

- Completed training in Python programming fundamentals.
- Practiced core programming concepts and problem-solving techniques.

Java Business Application — EduPyramids, SINE IIT Bombay

Sep 2025 – Nov 2025

- Completed self-paced training on Java programming and business application concepts.
- Learned object-oriented programming principles and application development fundamentals.

EDUCATION

M.Sc Computer Science — Sri Sankara Arts and Science College
CGPA: 8.2

2026

B.Sc Computer Science — Sri Sankara Arts and Science College
CGPA: 7.3

2024
